SECTION I: SUMMARY OF THE REQUEST FOR PROPOSALS

This Request for Proposals (RFP) is issued by the Fund for Public Health in New York City (FPHNYC), on behalf of the New York City Department of Health and Mental Hygiene (NYC DOHMH), to solicit proposals to enhance and replace the Division of Disease Control's (DDC) Reporting Central and ETQ systems.

A. RFP Timetable

Request for Proposals (RFP) Release	January 8, 2021
Deadline for Written Questions	January 21, 2021 at 11:59 p.m. EST
Q&A Posted	January 27, 2021
Proposal Package Due	February 5, 2021 at 11:59 p.m. EST
Funding Notification	March 5, 2021

B. Applicant Eligibility

Proposers must adhere to the following minimum requirements:

- Be based in the New York City area;
- Be available to provide services within the New York City area and for all aspects of service required herein;
- Have a minimum five (5) years of experience with surveillance systems, REDCap (Research Electronic Data Capture), Reporting Central and quality management services similar in size and scope to this RFP;
- If awarded, agree to enroll as a City of New York approved vendor; and
- Demonstrate that necessary insurance coverage, including Commercial General Liability and Worker's Compensation, is in place from the start of the contract.

In addition, preference will be given to Minority and Women Business Enterprises (M/WBE)

C. FPHNYC Procurement

FPHNYC reserves the right to revise any part of the RFP at any time before the submission deadline date if necessary. These revisions will be addendums to the RFP and posted on the FPHNYC website: www.fphnyc.org. Proposers are responsible for checking the website frequently to remain informed about the procurement process. Each Proposer must amend its RFP package as necessary. Failure to acknowledge any addendum will result in disqualification of the proposal.

Proposals selected for review must follow the instructions in this RFP, provide the information required in the response package, and include all of the required attachments (signed and dated) by the Proposer's representative with legal authority to submit a proposal on behalf of the entity. The successful bidder will be required to agree to the General Terms and Conditions contained in the Fund for Public Health in New York City's contract and comply with all applicable federal and state laws and policies.

D. Submission Instructions

The deadline for submission is February 5, 2021 by 11:59 p.m. Eastern Standard Time (EST). Proposals must be submitted via email to aholland@fphnyc.org and include the title of the solicitation, "**Reporting Central and ETQ RFP**", in the subject line. Any proposals received after the due date and time will be considered nonresponsive. A proposal checklist is provided below. All responses must be in Adobe Acrobat PDF file format.

E. RFP Inquiries, Written Questions and Answers

All questions and requests for clarification about this RFP must be submitted via email to aholland@fphnyc.org with a subject line of "**Reporting Central and ETQ RFP**." Any questions received after the deadline may not be answered. Phone calls will not be accepted.

The Q&A will be posted at: <https://www.fphnyc.org/get-involved/rfps/>

F. Anticipated Funding and Payment Structure

It is anticipated that one applicant will be selected to provide the services specified in this RFP. DOH will award up to \$540,000 to the selected contractor. The payment structure of the contract awarded from this RFP will be one hundred percent (100%) deliverables based.

G. Funding Term

It is anticipated that all contract deliverables will be completed by April 2022. However, DOHMH reserves the right, prior to award, to revise the length of the project term.

SECTION II: SCOPE OF SERVICES

A. Purpose of RFP

The Division of Disease Control (DDC) at the New York City Department of Health and Mental Hygiene (NYC DOHMH) is responsible for the identification, surveillance, treatment, control and prevention of infectious diseases in NYC. The Division is composed of six bureaus: Bureau of Communicable Disease Control, Bureau of HIV/AIDS, Bureau of Immunization, Bureau of Sexually Transmitted Disease Control, Bureau of Tuberculosis Control and the Public Health Laboratory. Surveillance teams across the DDC bureaus collectively monitor and investigate over 90 reportable infectious diseases to detect, characterize, and respond to public health needs.

The DDC continuously enhances its systems, databases and infrastructure in order to improve the completeness of data and ensure efficient response to emergent infectious agent threats (e.g., COVID-19, Zika Virus). The COVID-19 response requires that a number of immediate changes be made in order to more effectively process the volume of data being entered. Some of the systems maintained by DDC capture data required by other divisions such as environmental management incidents requiring the attention of the Division of Environmental Health and incidents routed to the Division of Emergency Preparedness and Response. DDC is embarking on an initiative to improve the capture and reporting of diseases and incidents by leveraging the REDCap (Research Electronic Data Capture) application created by Vanderbilt University for building and managing online surveys and databases. DOHMH plans to use REDCap to collect health care provider data, provide enhanced functionality on an expandable platform, and improve technologies that exchange data with internal DOHMH systems. These updates will allow for the streamlining of data collection for COVID-19 and will be rolled out for other diseases as well.

The DDC Reporting Central application captures diseases, conditions and events reported by health care providers. It is used by providers to report cases of certain rare or highly infectious diseases and conditions in addition to suspected outbreaks and other potential public health threats, including cases of COVID-19. NYC's Health Code, Article 11, requires that certain cases be reported to DOHMH immediately by calling a provider access line and logging them into the On-call Doctor Program application described below. Other cases must be reported within 24 hours by logging into Reporting Central via a NYCMED account or by faxing a form which is then used to log the case in the system. Data from Reporting Central is routed to DOHMH's Electronic Disease Reporting Infrastructure (EDRI) and integrated with data in DOHMH's four Maven outbreak management systems.

The On-Call Doctor Program is an application within DOHMH through which clinicians answer complex questions from external healthcare providers. DOHMH users include epidemiologists, data analysts, call center operators, and clinicians. The vendor-based platform for the On-Call Doctor (ETQ) Program is Reliance. It is used for capturing, tracking and reporting incidents received by after-hours physicians covering the provider access line and environmental and emergency management staff. The data is routed to and integrated with the Maven system for case tracking.

B. Project Scope of Work

The purpose of this project is to select a contractor experienced in data management, interface and messaging technologies to implement an extensible platform and interface engine for the

routing and exchanging of data from REDCap with other internal DOHMH systems. The scope of work will include analysis of the end to end process of systematically capturing data and downstream flows including analysis of other DOHMH touchpoints. Final project deliverables will include replacement of the existing On-Call Doctor (ETQ) and Reporting Central applications with REDCap and interfaces for EDRI and Maven.

Use of REDCap will provide Reporting Central and the On-Call Doctor system with a more flexible platform that allows changes to be made more easily. The project will include creating ways to manage provider profiles in the system and to create methods to seamlessly exchange data with other systems, including Maven. By allowing flexible data exchange, information currently stored in ETQ and Reporting Central will be transferred and exchanged more seamlessly and integration with other data sources will be simpler and faster allowing the systems to keep pace with continuous changes necessitated by the Covid-19 response. Currently, data captured in ETQ and Reporting Central is stored in separate databases, translated to XML format and routed to other DOHMH systems. ETQ data is sent to the Maven system. Reporting Central data is sent via JMS API, using Message Broker for HL7 transformation, to EDRI and then to Maven. Changes to both systems are time consuming and there are limited resources available to make them.

During the project, DOHMH will implement a system-wide Identity Management (IDM) framework for applications to manage the identities of all city employees, contractors and partners. NYC IT and CityCyber will provide a set of identity-based services including credentials and access privilege maintenance. The team is looking to use REDCap as a flexible, innovative solution and to introduce a platform for data transfer that integrates with other applications and allows for the streamlined exchange of data between systems.

C. Project Goals and Objectives

The selected contractor will be funded to gather detailed requirements and complete, at minimum, the following activities with support from DOHMH by April 2022:

1. Development of the following project documents:
 - Project Charter
 - Project Schedule and detailed project milestones
 - Scope of Services including roles and responsibilities
 - Topology Diagram
 - Server Build of Material (BOM) for staging and production environments
 - Software Security Assessment Program (SSAP) documentation
 - Weekly project status reports
2. Requirements gathering for Reporting Central and ETQ On-call system migration:
 - Forms required for data capture
 - Workflow and routing capabilities (including alerts) generated from the system
 - Functional permissions including access for groups and individuals using the system
 - Reporting including operational statistics (login, case counts), data exporting and PDF generation
 - Attachment and document storage (protocol documents used for incident management)
 - Bulk upload/import capability
 - Analysis of data volumes to address capacity requirements

- XML generation for data exchange between systems
 - Platform and interface engine for routing and exchange of data with internal systems
 - Integration with NYC.ID framework **or** DOHMH's authentication system as prescribed by city protocols
 - Registry mechanism for external participants (providers, facilities) to create a profile, as well as migration of existing profiles to the new platform
 - Facility management module with profiles for new or existing users and facility details
 - Migration of existing incidents and cases from Reporting Central and ETQ to REDCap
 - Integration with Maven
 - Coordination to set up and test the infrastructure and associated tasks including BOMs for staging and SSAP since hosting will be at DoITT
 - Requirements documentation
 - Gathering sign-off from stakeholders on requirements
3. Design REDCap system improvements
 - Conduct a gap analysis and select strategy and tools to meet the needs
 - Present strategy and tools to key stakeholders
 - Provide design documents including data flow diagrams
 4. Develop REDCap improvements
 - Gather stakeholder agreement on tools and deployment plans
 - Provide functional and technical test cases (i.e., acceptance, regression, stress)
 5. QA, Performance and UAT Testing
 6. Deploy and Monitor Solution
 7. Create Training Materials and Conduct Training Presentations
 - Create training materials for internal users of the new systems including presentations that can be recorded
 - Document work for those who will maintain the system in the format required by DOHMH IT
 - Conduct training sessions for users and those who will maintain the system

D. General Program Assumptions

Contractor Assumptions:

- Contractor will perform the required work both onsite and offsite. For onsite work, Contractor will work at DOHMH's central office, located at 42-09 28th Street, Long Island City, New York 11101. Work schedules will be in accordance with DOHMH's project schedules and deadlines.
- Contractor will not infringe or otherwise violate any patents, copyrights, trade secrets, licenses, or other rights of any third party.
- Prior to using any new or different software and/or equipment to provide the Scope of Work, Contractor will verify that its software and/or equipment (a) are consistent with and interoperate successfully with DOHMH's technology architecture, information technology and information technology standards; (b) have been properly installed; (c) are operating in

accordance with its specifications; (d) are performing their intended functions in a reliable manner; and (e) have been properly documented; and time being of the essence, Contractor shall promptly provide such services and materials as may be required to replace, repair or correct any defects or warranty non-conformities in the Scope of Work.

- Prior to beginning work, the Contractor will provide to DOHMH the names of a dedicated Project Manager and a dedicated Business Analyst. It is the assumption that these individuals will remain on the project until completion. Any changes to the Project Manager and/or Business Analyst must be agreed to by DOHMH.

DOHMH Assumptions

- DOHMH will be the sole owner of all source code and any software which is developed for use in any application software provided to DOHMH as a part of this contract.
- DOHMH will designate 1 or 2 project sponsors who have authority to make all decisions regarding the project and who can sign off on all deliverables.
- DOHMH stakeholders will participate in project tasks and contribute to project deliverables per the levels of effort documented in the Project Charter to be approved by DOHMH during project initiation.
- The DOHMH project sponsor will review all deliverables within ten (10) business days of submission and accept them or request changes/edits. If changes/edits are requested, the Contractor must resubmit the deliverable with recommended changes within five (5) business days to DOHMH. DOHMH will review the updated deliverables within five (5) business days of resubmission for acceptance or request modifications.
- DOHMH will provide all required access to systems and data to Contractor so long as, Contractor abides by the terms and conditions of the Data Use and Non-Disclosure Agreement, DIT Confidentiality Agreement, and DDC Confidentiality policy. Otherwise, DOHMH will revoke all access to systems and data.

SECTION III: FORMAT AND CONTENT OF THE PROPOSAL

Instructions: The items contained in this section must be included in the Bidder's proposal to meet the minimum requirements for evaluation. The sections must be in the order described and written in a straightforward and concise manner. Proposals will be evaluated based on their content, not length.

Respondents must carefully examine all requirements stipulated in this RFP and respond to each requirement in their proposal.

A. Proposal Format Requirements

- Font: 12 point – Times New Roman
- Spacing: Optional (single spaced or greater)
- Pages: Numbered (exclusive of title page and table of contents)
- Margins: 1 inch
- Paper: 8 ½ x 11
- File Format: PDF format

B. Proposal Content

In detail, using the guidance outlined below, describe the Proposer's qualifications, capacity, and proposed plan for implementing an extensible platform and interface engine for the routing and exchanging of data from REDCap with other internal DOHMH systems, as described in Section II: Scope of Services above.

1. Vendor Proposal Form

The Vendor Proposal Form (Attachment A) transmits the Proposer's Proposal Package to FPHNYC. An official authorized to bind the proposer must sign the Vendor Proposal Form.

2. Applicant Eligibility Questionnaire

The Applicant Eligibility Questionnaire (Attachment B) certifies that the Proposer meets the minimum mandatory requirements stated in this RFP.

3. Technical Proposal

Below is a listing of the technical information to be provided by the Proposer.

3.1 Proposal Summary: Provide a summary (no more than 1 page) of the important features of the proposal, including the Proposer's understanding of the issues.

3.2 Table of Contents: Provide a table of contents with page numbers for the materials contained in the Technical Proposal.

3.3 Qualifications and Experience: Describe the successful relevant experience of the Proposer, each proposed subcontractor, if any, and the proposed key staff in providing the work described in Section II: Scope of Services. Specifically address the following:

3.3.1 Demonstrate the Proposer's relevant qualifications and experience in the last five (5) years both for the firm as a whole, for each key staff person

and, if applicable, each subcontractor the Proposer intends to assign to the effort required for the proposed services.

- 3.3.2 Provide a narrative description of the Proposer's demonstrated ability to provide a high level of surveillance systems, electronic laboratory reporting, and electronic case reporting expertise to ensure that all requirements are met as described herein. Site specific examples and provide a synopsis of five (5) completed projects over the past five (5) years to include the project scope, methodologies employed, and challenges with respect to meeting the project requirements. The Proposer should cite specific examples of services provided for projects of similar scope and complexity.
- 3.3.3 Provide a synopsis of the scope of any similar project(s) conducted by the firm as a whole and/or in which proposed key personnel participated.

In addition:

- 3.3.5 Attach an Organizational Chart
- 3.3.6 Attach resumes and/or qualifications for each proposed key staff person.
- 3.3.7 Provide at least two references for the proposer and, if applicable, each subcontractor. (Attachment C)
- 3.3.8 Attach client list with name, address, contact name, e-mail address and telephone number of all subscribers to similar contracting services. If possible, list clients within the New York metropolitan area.

3.4 Organizational Capability:

Demonstrate the Proposer's organizational capability to perform the work described in Section II Scope of Services. Specifically address the following:

- 3.4.1 The Proposer's staffing capacity, including: (1) the number of full-time people currently employed by the firm, (2) the projects on which the firm is currently working, (3) future projects to which the firm is committed. All project information shall include the dollar value of the contract, as well as the schedule.
- 3.4.2 Provide a projection of how this project will affect the Proposer's current workload and standby capability. Specifically cite any ongoing jobs and demonstrate that they would not impact the proposer's capability to successfully implement this project.
- 3.4.3 Provide a description of the organization and management structure. Identify how the organization carries out mission-essential and other support tasks, define operational procedures, provide a description of how the organization improves its mission, and how decisions are managed.
- 3.4.4 State whether there are any pending legal proceedings to which the Proposer and any of its subsidiaries are a party to, of which any of their property is subject and any proceedings known to be contemplated by governmental authorities. If so, describe the nature and circumstances of the pending proceeding in detail.

In addition:

- 3.4.5 Attach a copy of the proposer's latest annual financial report, audit report, or most recent federal tax return with all schedules and sub-schedules.

3.5 Proposed Approach:

Present a detailed description of how the Proposer will accomplish the tasks described in the Scope of Services. Specifically address the following:

- 3.5.1 Describe the Proposer’s solution and demonstrate that it will effectively meet the goals and objectives set forth in this RFP by providing:
- A description of the proposed solution to meet the goals set forth in this RFP.
 - A narrative overview of the capabilities of the Proposer and key personnel, and of the methodology to be employed in meeting the objectives of the RFP.
 - A project description including tasks and proposed time frame for start-up of the operation, and delivery of services.
 - A narrative overview of the proposed interaction between the Proposer, FPHNYC and DOHMH with respect to managing projects as described herein.
 - Specific descriptions of workflow processes, management and control procedures, and client communications procedures, Contractor management procedures, project scheduling and reporting procedures, and detailed descriptions of the workflow methodologies to be employed from the Project Kickoff and requirements gathering through Project Closeout.
- 3.5.2 Describe and demonstrate the effectiveness of the Proposer’s plan for managing and implementing these services.
- 3.5.3 Describe and demonstrate the effectiveness of the methods of quality control the proposer will utilize. The Proposer should cite specific examples of quality control methods employed on projects of similar scope and complexity.

3.6 Proposer Exceptions:
Define any exceptions taken to the requirements of the RFP, including general provisions for Service Contracts. The exceptions shall be included in a separate section of the Technical Proposal and clearly identified as such.

4. Price Proposal

The Price Proposal Form shall be utilized by the Proposer for the submission of the Price Proposal.

- 4.1 The Price Proposal Form (Attachment D) shall be signed by an authorized officer of the firm and adhere to the following:
- All fees shall be fully burdened (“Fully Burdened”) and shall include, but not be limited to, all management, supervision, labor, material, supplies, consumables, repair parts, and equipment necessary to provide the applicable services. Likewise, the Fully Burdened fees shall include, but not be limited to, all payroll, statutory payments such as Social Security and Worker’ Compensation, fringe benefits, Contractor overhead and expenses, travel time, and Contractor profit necessary to complete the services pursuant to the terms of the subsequent Agreement. All documents and reports requested regarding this RFP, including but not limited to contract documents, reports, service reviews, cost estimates, distribution reports, quality control reports, price proposals shall be provided at no additional cost to DOHMH. The Contractor shall be required to keep its submission of pricing data current until the Agreement has been completed. If

the Contractor refuses to submit the required data to support price, the ACCO shall not accept the price.

- Funding should be allocated to increase staff capacity/size.
- The Proposer shall submit an all-inclusive Fixed Burdened rate per title hour to furnish all labor and materials required to complete the work.
- Except for Prevailing Wage rates, prices must remain fixed for the term of this contract including optional years.
- Except for Prevailing Wage rates, all prices shall not be subject to any additions, markups, percentage multiplier, or cost of living increases.
- The Proposer shall provide a mark-up rate percentage for subcontracting services. Said mark-up rate shall be Fully Burdened in accordance with the provisions herein.
- Funding will not be allocated for office supplies, rent, or activities outside the scope of this RFP.

NOTE: No price information should be disclosed in the Technical Proposal; proposals will be evaluated for technical viability before cost is considered.

5. Acknowledgment of Addenda

The Acknowledgment of Addenda Form (Attachment E) serves as the Proposer's acknowledgment of the receipt of addenda to this RFP, which may have been issued by FPHNYC prior to the proposal due date and time, as set forth in Section I.

C. Proposal Package Contents

The Proposal Package email should contain the following materials. Proposers should utilize this section as a “checklist” to assure completeness prior to submitting their proposal.

- Vendor Proposal Form – Attachment A
- Applicant Eligibility Questionnaire – Attachment B
- Technical Proposal:
 - Table of Contents
 - Proposal Summary (1 page limit)
 - Qualifications and Experience
 - Organization Chart
 - Resumes and/or Description of Qualifications for each proposed key staff person
 - Reference List – Attachment C
 - Client list with name, address, contact name, email address and telephone number of all subscribers to similar contracting services. If possible, list clients within the New York metropolitan area.
 - Organizational Capacity
 - Audit report, latest annual financial report, or most recent federal tax return with all schedules and sub-schedules.
 - Proposed Approach
 - Proposer Exceptions
- Price Proposal:
 - Price Proposal Form – Attachment D
- Acknowledgement of Addenda – Attachment E
- Doing Business Data Form – Attachment F
- Notarized Iran Divestment Act Compliance Rider for New York City Contractors – Attachment G

Section III. Proposal Evaluation and Contract Award Procedures

All proposals accepted by FPHNYC will be reviewed to determine responsiveness to the requirements of this RFP. Proposals that are determined to be non-responsive will be rejected. The Evaluation Committee will evaluate and rate all remaining proposals based on the Evaluation Criteria prescribed below. DOHMH reserves the right to conduct site visits and/or interviews and/or to request that Proposers make presentations and/or demonstrations as DOHMH deems applicable and appropriate.

Although discussions may be conducted with Proposers submitting acceptable proposals, DOHMH reserves the right to award contracts based on initial proposals received, without discussions; therefore, the Proposer's initial proposal should contain its best technical and price terms.

A. Proposal Evaluation Criteria

The criteria, and the relative weight of each, that will be utilized to evaluate proposals are:

a. The quantity and quality of the Proposer's successful relevant qualifications and experience providing surveillance systems, REDCap, Reporting Central and ETQ services.	30%
b. Proposer's demonstrated level of organizational capability.	20%
c. Proposer's demonstrated quality of proposed approach and methodology.	30%
d. Proposer's pricing	20%

B. Selection Process

1. The Evaluation Committee will evaluate proposals and rank Proposers by technical merit and price according to the criteria listed above.
2. After completion of the technical evaluations, the Evaluation Committee may request oral presentations and/or demonstrations from qualified proposers for further evaluation.
 - a. At the sole option of FPHNYC, in coordination with DOHMH, and if the Evaluation Committee deems it necessary, respondents will be invited to present an overview of the solution contained in their technical proposal.
 - b. The oral presentation shall be followed by a question and answer session. A total maximum of two (2) hours in duration will be set aside for each oral session.
 - c. Oral and/or visual presentations should not include any information that is not included in the written proposal. The purpose of the oral/visual presentation shall be solely to clarify the information contained in the written proposal.
3. As a result of the oral interview, the Evaluation Committee may re-assess the initial evaluation of the technical proposals based on an assessment of:
 - a. How well the total proposal meets DOHMH's requirements.

- b. The knowledge of the Contractor's representatives about surveillance system, RedCap, Reporting Central and ETQ services for DOHMH.
- c. The quality and knowledge of surveillance systems, REDCap, Reporting Central and ETQ services displayed by the Proposer.

C. Award Process

A contract award will be made to the responsible bidder whose proposal is determined to be the most advantageous to the City, taking into consideration technical merit and price. Contract award shall be subject to the timely completion of contract negotiations between FPHNYC, in collaboration with DOHMH, and the selected Proposer as well as a determination of vendor responsibility. FPHNYC and DOHMH reserve the right to accept or reject the proposals.

DOHMH shall rank proposers by technical merit. DOHMH reserves the right to ask for Best and Final Offers on both technical approach and price, and may then further negotiate a fair and reasonable price with the highest technically ranked proposer. If DOHMH has chosen to negotiate a fair and reasonable price with the top-ranked proposer and such fee was not successfully negotiated as determined by DOHMH, FPHNYC and DOHMH may conclude such negotiations and enter into negotiations with the next ranked proposer as necessary.

Each Proposer submitting a proposal will be notified in writing regarding the decision concerning their proposal. Once a selection has been made, the designated vendor will be asked to contract with the FPHNYC. Release of funds and other needs will be incorporated into the contracting process.

D. General Disclosures

1. Right to Reject Proposals

FPHNYC may reject any or all proposals received and may ask for further clarification or documentation. Submitted information that does not respond to all items in this RFP may be excluded from further consideration and alternative information packages may not be considered.

FPHNYC may decline to review an application in the event the Proposer submits a response after the submission deadline and/or any disparity is found during the evaluation process.

2. Proposal Costs

The Proposer will be solely responsible for any costs incurred in preparing, delivering, or presenting responses to this RFP. Proposers will not be reimbursed for any costs incurred in preparing proposals.

3. Fulfillment of Requirements

By submitting an information package, the Proposer acknowledges that the respondent has read and understands this RFP and can fulfill all requirements.

4. Submitted Information

Once submitted, responses will be the property of FPHNYC and will not be returned.

5. **Right to Amend, Cancel this RFP, or Solicit a New RFP**
FPHNYC may amend or cancel this RFP at any time, without any liability to FPHNYC, and/or DOHMH. FPHNYC or DOHMH may solicit new requests for information and/or proposals regarding the services addressed in this RFP at any time.
6. **Amount of Business**
FPHNYC does not guarantee of any specific amount of business or revenue as a result of this RFP.
7. **Security and Confidentiality**
Proposers should give specific attention to the identification of those portions of their proposals that they deem to be confidential, proprietary information or trade secrets and provide appropriate justification for why such materials, upon request, should not be disclosed by FPHNYC. Such information must be easily separable from the non-confidential sections of the proposal. All information not so identified may be disclosed by FPHNYC.
8. **Proof of Insurance**
The selected contractor will need to demonstrate that necessary insurance coverage, including Commercial General Liability and Worker's Compensation, is in place from the start of the contract.

ATTACHMENT D PRICE PROPOSAL FORM INSTRUCTIONS

Proposers are instructed to offer a maximum, not-to-exceed (NTE) rate for each title. The rate must be inclusive of all costs associated with the performance of work (for example, overhead, administrative fees, etc.). There will be no separate budget lines or payments for expenses other than the items of cost listed here.

Proposers must also attach their rate card, or a comprehensive list of the maximum hourly rates paid to personnel performing these functions. These rates will be provided for informational purposes only. DOHMH will only pay the contractor based on deliverables.

The contract that results from this solicitation will be a requirements contract. There is no minimum guaranteed quantity of work. The quantities estimated here are estimates for evaluation purposes only. The actual quantities may be more or less, depending upon the needs of DOHMH.

Any entity receiving, applying for or proposing on an award or agreement must complete a Doing Business Data Form (see Q&A sheet for more information). Please either type responses directly into this fillable form or print answers by hand in black ink, and be sure to fill out the certification box on the last page. **Submission of a complete and accurate form is required for a proposal to be considered responsive or for any entity to receive an award or enter into an agreement.**

This Data Form requires information to be provided on principal officers, owners and senior managers. The name, employer and title of each person identified on the Data Form will be included in a public database of people who do business with the City of New York, as will the organizations that own 10% or more of the entity. No other information reported on this form will be disclosed to the public. **This Data Form is not related to the City's PASSPort registration or VENDEX requirements.**

Please return the completed Data Form to the City office that supplied it. Please contact the Doing Business Accountability Project at DoingBusiness@mocs.nyc.gov or 212-788-8104 with any questions regarding this Data Form. Thank you for your cooperation.

ATTACHMENT G
IRAN DIVESTMENT ACT COMPLIANCE RIDER FOR NEW YORK CITY CONTRACTORS

The Iran Divestment Act of 2012, effective as of April 12, 2012, is codified at State Finance Law (“SFL”) §165-a and General Municipal Law (“GML”) §103-g. The Iran Divestment Act, with certain exceptions, prohibits municipalities, including the City, from entering into contracts with persons engaged in investment activities in the energy sector of Iran. Pursuant to the terms set forth in SFL §165-a and GML §103-g, a person engages in investment activities in the energy sector of Iran if:

- a) The person provides goods or services of twenty million dollars or more in the energy sector of Iran, including a person that provides oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or
- b) The person is a financial institution that extends twenty million dollars or more in credit to another person, for forty-five days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created pursuant to paragraph (b) of subdivision three of Section 165-a of the State Finance Law and maintained by the Commissioner of the Office of General Services.

A bid or proposal shall not be considered for award nor shall any award be made where the bidder or proposer fails to submit a signed and verified bidder’s certification.

Each bidder or proposer must certify that it is not on the list of entities engaged in investment activities in Iran created pursuant to paragraph (b) of subdivision 3 of Section 165-a of the State Finance Law. In any case where the bidder or proposer cannot certify that they are not on such list, the bidder or proposer shall so state and shall furnish with the bid or proposal a signed statement which sets forth in detail the reasons why such statement cannot be made. The City of New York may award a bid to a bidder who cannot make the certification on a case by case basis if:

1. The investment activities in Iran were made before the effective date of this section (i.e., April 12, 2012), the investment activities in Iran have not been expanded or renewed after the effective date of this section and the person has adopted, publicized and is implementing a formal plan to cease the investment activities in Iran and to refrain from engaging in any new investments in Iran: or
2. The City makes a determination that the goods or services are necessary for the City to perform its functions and that, absent such an exemption, the City would be unable to obtain the goods or services for which the contract is offered. Such determination shall be made in writing and shall be a public document.

BIDDER'S CERTIFICATION OF COMPLIANCE WITH IRAN DIVESTMENT ACT

Pursuant to General Municipal Law §103-g, which generally prohibits the City from entering into contracts with persons engaged in investment activities in the energy sector of Iran, the bidder/proposer submits the following certification:

[Please Check One]

BIDDER'S CERTIFICATION

- By submission of this bid or proposal, each bidder/proposer and each person signing on behalf of any bidder/proposer certifies, and in the case of a joint bid each party thereto certifies as to its own organization, under penalty of perjury, that to the best of its knowledge and belief, that each bidder/proposer is not on the list created pursuant to paragraph (b) of subdivision 3 of Section 165-a of the State Finance Law.
- I am unable to certify that my name and the name of the bidder/proposer does not appear on the list created pursuant to paragraph (b) of subdivision 3 of Section 165-a of the State Finance Law. I have attached a signed statement setting forth in detail why I cannot so certify.
